

Regents Park Christian School congratulates the Reverend Bob Frisken (AM) on the launch of his book *It Only Takes a Spark*. It tells the amazing story of the Christian Community Schools movement which started at Regents Park Christian School in 1976. Since then over 100 schools throughout Australia as well as overseas have been formed. As the founding school Regents Park Christian School has remained true to the vision of providing excellent Christ-centred education based on learning and growing in community.

Copies of the book are available from the school office at a cost of \$25.00.
